11 January 2019

Sort code: 400550
Account number: 61631632

Annual summary of your account charges, interest and fees (01-Dec-17 - 30-Nov-18)

To ensure you are well informed, we send you a summary of the total charges you've paid, if any, on your current account each year. If no fees or interest were payable then we will display zeros in the summary. If you would rather not receive this annual summary please contact your Relationship Manager who will update our records accordingly.

The table below is for information only and summarises any charges and interest you may have paid. Below you will also find details of the fees you have paid for your account.

Description	Number	GBP/Total
Account Fees		
HSBC Private Bank	0	£0.00

Additional Information

Between 01-Dec-17 and 30-Nov-18 your average debit balance was £0.00 and your average credit balance was £13,697.19.*
You can use these figures along with the rates stated below to see how your account compares to others. It is worth noting that you should always make sure you are comparing like-for-like rates and figures.

Current overdraft interest rates ** (as at the last day covered by this summary)			
overdraft interest			
over £0	7.75%	7.98 %	EAR variable
credit interest			
over £0	0.00%	0.00 %	AER variable

Interest on Credit Balances

You received £0.00 interest gross (£0.00 net) between 01-Dec-17 and 30-Nov-18. Please note these figures are not suitable for use in a tax return. We can send you a statement of interest after the end of each tax year for this purpose.

Important Notes

Arranged overdraft: Where we agree an overdraft facility (normally annually) before you borrow.

Unarranged overdraft: When we allow you to spend on your account without available credit funds or a sufficient arranged overdraft facility.

EAR: Effective Annual Rate - can be used to compare overdraft interest rates. It takes into account the interest rate and how often interest is charged.

AER: Annual Equivalent Rate - can be used to compare credit interest rates. Shows what the gross rate would be if interest were paid and compounded each year.

Return Fee: A charge for an unpaid Cheque, Standing Order or Direct Debit when there are insufficient credit funds (or arranged overdraft) in place and we are not able to agree an unarranged overdraft to cover the transaction.

* We have calculated these average figures by totalling up the balances of each day you were in debit and each day you were in credit, dividing each of these by the total number of days covered by this summary.

** The interest rates and charges that apply to this account may have changed during the period covered by this summary. Both current and historic rates can be obtained from your Relationship Manager.
