As a result of the base rate change, the amount of interest you pay will change. We have set out below the date and amount of your last quarterly interest payment and, as an illustration, the amount due for your next and subsequent quarterly interest payments:

| | **Date interest due** | **Interest amount** |
|---|---|---|
| Last quarterly interest payment: | 17 March 2023 | GBP 17,462.74 |
