Dear Mrs Marash,

6 May 2022

A change to your Sterling Secured Loan Facility interest rate Account no. 31633643: Balance £1,300,000.00

As a result of the recent Sterling base rate change from 0.75% to 1.00% on 5 May 2022, the interest rate applicable to your above Secured Loan Facility has increased to 2.80% per annum from 5 May 2022.

As a result of the base rate change, the amount of interest you pay will change. We have set out below the date and amount of your last quarterly interest payment and, as an illustration, the amount due for your next and subsequent quarterly interest payments:

	Date interest due	**Interest amount**
Last quarterly interest payment:	18 March 2022	£6,833.01
Next quarterly interest payment: (illustration)*	17 June 2022	£8,407.26
Subsequent quarterly interest payments, starting: (illustration)*	16 September 2022	£9,075.07

* Interest due on your outstanding loan balance is calculated daily (and charged quarterly) and the amount due depends on the number of days in each quarter. This means that the amount charged in subsequent quarters may vary slightly.

Details of the exact amount of interest due in subsequent quarters (including its calculations) and your outstanding loan balance are available on request.

If you have any questions or require further information please do not hesitate to contact your relationship manager.

Yours sincerely,

Helena Bonsu
