THE EDMOND DE ROTHSCHILD GROUP

EDMOND DE ROTHSCHILD, BOLD BUILDERS OF THE FUTURE.

BOLD BUILDERS OF THE FUTURE

Our Group is the result of family capitalism and entrepreneurship, providing us with the independence and courage that are necessary to develop long-term vision and to identify future investment.

In so doing, we bring together high standards of expertise and social responsibility, and the ability to innovate, to challenge the status quo, to make inroads into new territories and to invent novel financial solutions.

We now operate across many countries and in the past 65 years have become a leading conviction-driven Investment House. Our Group is growing and will continue to grow while preserving the values of our family, which has always staked its name on the service we provide to each of our clients.
