This document is not and should not be construed as an offer to sell or solicitation of an offer to purchase or subscribe for any investment. This document is based on information obtained from sources believed to be reliable but which have not been independently verified. No responsibility or liability is accepted, nor any guarantee, representation or warranty made as to its accuracy or completeness. Expressions of opinion herein are subject to change without notice.

Members of the HSBC Group and / or their officers, directors and employees may have positions in any securities mentioned in this document (or any related instrument) and may from time to time add to or dispose of any such securities (or investment). Members of the HSBC Group may act as market maker or have assumed an underwriting commitment in the securities of companies discussed in this document (or related investments), may sell them to or buy them from customers on a principal basis and may also perform or seek to perform investment banking or underwriting services for, or relating to, those companies.

The value of any investment or income may go down as well as up and you may not get back the full amount invested. When an investment is denominated in a currency other than your local or reporting currency, changes in exchange rates may have an adverse effect on the value, price or income of that investment. In the case of investments for which there is no recognised market, it may be difficult for investors to sell their investments or to obtain reliable information about their value or the extent of the risk to which they are exposed.

The assets shall be deemed to be approved by the Customer if the Bank has not received notification of an objection within a period of one month from the date of despatch. If the Customer has not received valuations with the required frequency, they are under an obligation to inform the Bank accordingly as quickly as possible.

A current reliable market valuation is not available for a security which has been noted with an asterisk (*) above. As a consequence, the last known price has been quoted. This price may not represent the perceived current market value of the security. The Bank accepts no liability as to any differential between the quoted price and the current market value.

The Bank has no means to assess the market value of securities noted with a hash (#) above. Such securities are not negotiable on a recognised market and as a consequence the value quoted for such securities is the purchase price, a nominal value or zero.
