FRG-X, L.P.

THIS SUBSCRIPTION AGREEMENT (this "Subscription Agreement") is made by and between the General Partner and the undersigned (the "Purchaser"), that is hereby subscribing for an Interest in the Partnership on the terms and conditions set forth herein and in the Amended and Restated Limited Partnership Agreement of the Partnership, substantially in the form previously furnished to the Purchaser (as the same may be modified in accordance with the terms thereof, the "Partnership Agreement"). Capitalized terms used herein without definition have the meanings set forth in the Partnership Agreement.

1. **Subscription for an Interest**.

   1.1 Subject to the terms and conditions hereof and of the Partnership Agreement, and in reliance upon the representations and warranties of the respective parties contained herein and in the Partnership Agreement, (i) the General Partner, on behalf of the Partnership, agrees to sell to the Purchaser and the Purchaser subscribes for and agrees to purchase from the Partnership an Interest as a Limited Partner with a Capital Commitment in the amount set forth on the signature page at the end of this Subscription Agreement (or such lesser amount, in the event the General Partner accepts less than the entire amount of the Purchaser's subscription); (ii) the Purchaser agrees to become a Limited Partner of the Partnership in accordance with the terms of the Partnership Agreement and this Subscription Agreement; and (iii) the General Partner, on behalf of the Partnership, agrees that the Purchaser shall be admitted as a Limited Partner in respect of the Interest, in each case as of the date of the countersignature by the General Partner of this Subscription Agreement.

   1.2 Subject to the terms hereof and of the Partnership Agreement, the Purchaser's obligation to pay for the Interest being purchased by the Purchaser hereunder shall be unconditional, complete and binding to the extent provided in the Partnership Agreement, provided, however, that for the convenience of the Partnership and in the General Partner's discretion, the Purchaser's Capital Commitment may be payable in installments as provided in and accordance with Article III of the Partnership Agreement.

2. **Acceptance**. The Purchaser understands that the General Partner will notify him, her or it whether this Subscription Agreement has been accepted in whole or in part. Acceptance of this Subscription Agreement will be by return of this Subscription Agreement, with the signature page executed by the General Partner on behalf of the Partnership. The Purchaser understands that the General Partner may in its discretion reject any subscription evidenced by a Subscription Agreement for an Interest in the Partnership. In the event that this Subscription Agreement is rejected in whole or in part by the General Partner on behalf of the Partnership, the subscription of the Purchaser herein shall become null and void to such extent.

3. **Other Subscription Agreements**. The Partnership has entered into or expects to enter into separate subscription agreements (the "Other Subscription Agreements") with other purchasers (the "Other Purchasers"), providing for the sale to the Other Purchasers of Interests and the admission of the Other Purchasers as Limited Partners. This Subscription Agreement and the Other Subscription Agreements are separate agreements, and the sale of Interests to the Purchaser and the Other Purchasers are separate sales. Each Purchaser acknowledges and agrees that the General Partner shall be entitled to enter into side letter agreements with certain Other Purchasers for the benefit of some but not all of the Limited Partners.

4. **Feeder Structure**. The Purchaser understands that the Partnership was formed specifically for an investment in the Fund, and that it does not have an independent investment policy (other than temporary investments of cash). Thus, the results of operations of the Partnership are dependent on the results of operations of the Fund, and therefore, distributions by the Partnership are generally conditional upon distributions made by the Fund to its interest holders. Notwithstanding the foregoing, the Purchaser understands that Drawdown Notices by the Partnership may be different in time and amount from the drawdown notices given by the Fund to the Partnership and that pending contributions of funds to the Fund, distribution to the Partners, or otherwise in connection with the creation of reserves, as provided in the Partnership Agreement, the Partnership will invest the money raised in temporary liquid investments. The Purchaser further understands that the Fund is obligated to pay its general partner, its manager and their affiliates certain fees and amounts and that the Partnership shall be obligated to bear its share of such fees and expenses, in addition to the Partnership's own expenses.

5. **Representations and Warranties of the Partnership**. The Partnership represents and warrants that, as of the admission of the Purchaser to the Partnership:

   5.1 Formation and Standing. The Partnership is duly formed, registered and validly existing and in good standing as an exempted limited partnership under and pursuant to the provision of the Exempted Limited Partnership Act, (as revised) of the Cayman Islands (the "ELP Act"), and has all requisite power and authority to carry on its business as now conducted and as proposed to be conducted in accordance with and as described in the Partnership Agreement.

   5.2 Authorization of Agreement, etc. The execution, delivery and performance by the Partnership of this Subscription Agreement have been authorized by all necessary action on behalf of the Partnership. This Subscription Agreement has been duly executed by the General Partner on behalf of the Partnership, and is a legal, valid and binding agreement of the Partnership. Upon acceptance of this Subscription Agreement by the General Partner of the Purchaser's subscription for an Interest, shall be enforceable against the Partnership in accordance with its terms except to the extent that the enforcement of the rights and remedies created hereby is subject to (i) bankruptcy, insolvency, reorganization, moratorium and other laws of general application affecting the rights and remedies of creditors generally; and (ii) general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

   5.3 Compliance with Laws and Other Instruments. The execution and delivery of this Subscription Agreement by the Partnership, the performance by the Partnership of its obligations under this Subscription Agreement and the consummation by the Partnership of the transactions contemplated hereby will not conflict with or result in any violation of or default under any provision of the Partnership Agreement, or any agreement or other instrument to which the Partnership is a party or by which it or any of its properties are bound, or any permit, franchise, judgment, decree, statute, order, rule or regulation applicable to the Partnership or its business.

6. **Representations, Warranties and Covenants of the Purchaser**. The Purchaser represents, warrants and covenants to the Partnership and the General Partner as of the date that this Subscription Agreement is signed by the Purchaser, and as of each date on which the Purchaser makes any additional Capital Contributions to the Partnership:

6.1 Natural Person Representations. If the Purchaser is a natural person, the Purchaser has all requisite power and authority to execute, deliver and perform the Purchaser's obligations under this Subscription Agreement and the Partnership Agreement, and to subscribe for and purchase an Interest hereunder, and the Subscription Agreement and the Partnership Agreement have been duly executed and delivered by the Purchaser. If the Purchaser is accepted as a Limited Partner of the Partnership, this Subscription Agreement and the Partnership Agreement are the Purchaser's legal, valid and binding obligations, enforceable against the Purchaser in accordance with their respective terms. Furthermore, the Purchaser is not precluded by the laws of the country in which it is resident (or of any other governmental authority) from investing in the Partnership. The Purchaser agrees that it will, upon request of the General Partner, deliver any documents, including documents evidencing the name, place of residence, bank account information and any other document as may be required by the General Partner.

6.2 Entity Representations. If the Purchaser is not a natural person, unless otherwise disclosed to the General Partner:

6.2.1 The Purchaser is an entity of the kind set forth on **Appendix A-I** below and is duly organized, formed or incorporated, as the case may be, and validly existing and in good standing, under the laws of its jurisdiction of organization, formation or incorporation as set forth on **Appendix A-I** below. The Purchaser has all requisite power and authority to execute, deliver and perform the Purchaser's obligations under this Subscription Agreement and the Partnership Agreement, and to subscribe for and purchase an Interest hereunder, and the Subscription Agreement and the Partnership Agreement have been duly executed and delivered by the Purchaser, and do not and will not conflict with, or result in any violation of or default under, any provision of any certificate of incorporation, memorandum and articles of association, by-laws, trust agreement, partnership agreement or other organizational or governing instrument applicable to the Purchaser. The purchase by the Purchaser of an Interest and the Purchaser's execution, delivery and performance of this Subscription Agreement and the Partnership Agreement, have been authorized by all necessary corporate or other action on the Purchaser's behalf, and if the Purchaser is accepted as a Limited Partner of the Partnership this Subscription Agreement and the Partnership Agreement are the Purchaser's legal, valid and binding obligations, enforceable against the Purchaser in accordance with their respective terms. In addition, the consummation of the transactions contemplated hereby and thereby, and the performance of the Purchaser's obligations hereunder and thereunder do not and will not conflict with, or result in any violation of or default under, any agreement or other instrument to which the Purchaser is a party or by which the Purchaser or any of the Purchaser's properties are bound, or under any permit, franchise, judgment, decree, statute, order, rule or regulation applicable to the Purchaser or to the Purchaser's business. Furthermore, the Purchaser is not precluded by the laws of the country in which it is incorporated, formed or registered (or of any other governmental authority) from investing in the Partnership. The Purchaser agrees that it will, upon request of the General Partner, deliver any documents, including an opinion of counsel to the Purchaser, evidencing the existence of the Purchaser, the legality of an investment in the Partnership and the authority of the person executing this Subscription Agreement on behalf of the Purchaser.

6.2.2 The Purchaser represents that (i) it was not formed, organized, reorganized, capitalized or recapitalized (e.g., through new investments made in the Purchaser solely for the purpose of financing

its acquisition of the Interest and not pursuant to a prior financial commitment) for the purpose of acquiring an Interest in the Partnership; (ii) its decision to purchase the Interest was made in a centralized fashion (e.g., by a board of directors, general partner, manager, trustee, investment committee or similar governing or managing body); (iii) it is not managed to facilitate the individual decisions of its beneficial owners regarding investments (including the purchase of the Interest); and (iv) its shareholders, partners, members or beneficiaries, as applicable, did not and will not (a) have any discretion to determine whether or how much of the Purchaser's assets are invested in any investment made by the Purchaser (including the Purchaser's purchase of the Interest), or (b) have the ability individually to elect whether or to what extent such shareholder, partner, member or beneficiary, as applicable, will participate in the Purchaser's purchase of the Interest.

6.3 Nominee Representations. If the Purchaser is acting as nominee, custodian, trustee, agent or representative (a "Nominee") for another person, entity or organization (each, an "Underlying Beneficiary") in connection with the Interest, then the Purchaser (i) understands and acknowledges that the representations, warranties and agreements made herein are made by the Purchaser (a) with respect to the Purchaser and (b) with respect to each Underlying Beneficiary for which the Purchaser is acting as Nominee; (ii) further represents and warrants that the Purchaser has all requisite power and authority from each such Underlying Beneficiary to execute and perform the obligations under this Subscription Agreement and the Partnership Agreement; and (iii) has indicated that the Purchaser is a Nominee on **Appendix A-I** of the Purchaser Questionnaire. Without limiting the generality of the foregoing, the representations and warranties contained in this Subscription Agreement (including, but not limited to, **Supplement A**) regarding the Purchaser are true and accurate with regard to each Underlying Beneficiary for which the undersigned is acting as Nominee. Each Underlying Beneficiary for which the Purchaser is acting as Nominee will not transfer or otherwise dispose of or distribute any part of its economic or beneficial interest in (or any other rights with respect to) the Interest without complying with all of the applicable provisions of the Partnership Agreement as if such Underlying Beneficiary were a direct Limited Partner of the Partnership and were transferring a direct limited partnership interest in the Partnership. If the Purchaser is acting as Nominee for an Underlying Beneficiary, the Purchaser agrees to provide such other information as the General Partner may reasonably request regarding the Purchaser and such Underlying Beneficiary in order to determine the eligibility of the Purchaser to purchase the Interest.

6.4 Accuracy of Information. The information: (i) set forth in the Purchaser Questionnaire attached hereto as **Supplement A** (including **Appendix A-I** with respect to General Information; **Appendix A-II** with respect to Israeli Accredited Investor Status; **Appendix A-III** with respect to U.S. Person Status; **Appendix A-IV** with respect to U.S. Accredited Investor Status; **Appendix A-V** with respect to U.S. Qualified Investor Status; and **Appendix A-VI** with respect to Tax Status); (ii) provided in response to the Anti-Money Laundering Supplement attached hereto as **Supplement B**; (iii) set forth in the Tax Transparency Self Certification (CRS) attached hereto as **Supplement C**; (iv) provided on the IRS Form W-9 or the applicable IRS Form W-8 provided by the Purchaser; (v) provided in any other document provided by the Purchaser, including in accordance with the requirements of this Subscription Booklet; and (vi) set forth in any Supplemental Subscription Booklet (to the extent applicable), each of which shall be considered an integral part of this Subscription Agreement), is accurate and complete, and the Purchaser will promptly notify the Partnership of any change in such information. The Purchaser shall promptly provide such information, documentation or certification

as may be requested by the General Partner, including, in connection with tax filings, anti-money laundering, banking application or loan applications. Such information, documentation or certification may include, without limitation, information regarding the ultimate beneficial owners of the Purchaser. The Purchaser consents to the disclosure of any such information, and any other information furnished to the Partnership: (i) to any Faropoint Person (as defined in Section 6.21.3 below) or any service providers thereof, (ii) to any governmental authority including certain information which may be required to be disclosed to any self-regulatory organization, bank, lender, prospective lender or financial institution, (iii) to the extent required by law, rule or regulation or in response to any subpoena or other legal process in connection with any litigation or other dispute, (iv) to any current and prospective limited partners in the Partnership or in any Feeder, (v) to the extent considered by the General Partner to be in the best interests of the Partnership or the Fund, to any other person or party with whom the Partnership or the Fund has or intends to conduct business, (vi) otherwise as necessary or appropriate to enforce the terms of this Subscription Agreement or the Partnership Agreement, and for the conduct of the Partnership and the Fund's business. The Purchaser confirms that it shall have no claim with respect to any such disclosure.

6.5 Access to Investment-Related Information. The Purchaser has read the Partnership Agreement, this Subscription Agreement, any side letter, if applicable, between the Purchaser and the Partnership or the General Partner relating to the Purchaser's investment in the Partnership (the "Side Letter"), the Limited Partnership Agreement of the Fund (the "Fund Agreement") and the Limited Partnership Agreement of the REIT Fund and of any other intermediary entity (to the extent the applicable Partnership's investment in the Fund is made indirectly through the REIT Fund and such intermediary entity) (together with the Partnership Agreement, the Subscription Agreement, the Side Letter and the Fund Agreement, the "Fund Documents") carefully, and it fully understands and is aware of the legal and economic risks associated with its investment in the Partnership, and of the Partnership in the Fund. In considering his, her or its subscription, the Purchaser (i) has been given the opportunity to make a thorough investigation of the proposed activities of the Partnership and the Fund; (ii) has been furnished with all materials relating to the Partnership and the Fund and their proposed activities that the Purchaser has requested; (iii) has been provided an opportunity to ask questions and has received answers thereto satisfactory to the Purchaser from the General Partner and its representatives regarding the terms and conditions of the offering of the Interests, and (iv) has obtained any and all additional information requested by the Purchaser from the General Partner and its representatives to verify the accuracy of all information furnished to the Purchaser regarding the offering of the Interests.

6.6 Independent Investment Decision. The Purchaser has not relied on any representations made by, or other information (whether oral or written) furnished by or on behalf of, the General Partner, the Manager, the Partnership, the Fund, any placement agent (if applicable), or any director, officer, employee, agent or general partner of the Partnership or any affiliate of such person, in his, her or its investment decision, other than as set forth in the Fund Documents. The Purchaser understands that no document, other than the Fund Documents, binds the Partnership, the Fund, the General Partner and their respective affiliates. The Purchaser is not relying on the Partnership, the Fund, the General Partner or any of their partners, members, officers, counsel, agents or representatives for legal, investment or tax advice. The Purchaser has had the opportunity to seek independent legal, investment and tax advice

to the extent that the Purchaser has deemed necessary or appropriate in connection with the Purchaser's decision to purchase an Interest.

6.7 Evaluation of and Ability to Bear Risks. The Purchaser has such knowledge and experience in financial and business affairs that the Purchaser is capable of evaluating the merits and risks of purchasing, and other considerations relating to, the Interest to be purchased by the Purchaser pursuant to this Subscription Agreement, including the risks detailed in the **Risk Factors Supplement** attached hereto. The Purchaser's financial situation is such that the Purchaser can afford to bear the economic risk of holding such Interest for an indefinite period of time, and the Purchaser can afford to suffer the complete loss of its Capital Commitment.

6.8 Data Protection. The Purchaser acknowledges that it has read the Cayman Islands Privacy Notice annexed to this Agreement (the "Privacy Notice") and hereby consents on its own behalf and on behalf of any individual whose personal data (as defined in the Privacy Notice) it provides to the Partnership and/or the General Partner and/or their service providers processing any such personal data for the purposes noted in the Privacy Notice. In addition, if the Purchaser is a natural person (or an entity that is an "alter ego" of a natural person (e.g., a revocable grantor trust, an individual retirement account or an estate planning vehicle)), the Purchaser has received and read a copy of the initial privacy notice with respect to the General Partner's collection and maintenance of non-public personal information regarding the Purchaser, annexed to this Agreement, and the Purchaser hereby requests and agrees, to the extent permitted by applicable law, that the General Partner shall refrain from sending to the Purchaser (i) an annual privacy notice, as contemplated by 16 CFR Part 313, §313.5 (the Federal Trade Commission's Final Rules regarding the Privacy of Consumer Financial Information (the "FTC's Final Privacy Rules")), provided that the General Partner shall keep an annual privacy notice with the books and records of the business and such annual privacy notice shall be available to the Purchaser upon its request, and (ii) any other information regarding the customer relationship, as contemplated by 16 CFR Part 313, §313.9(c)(2) (the FTC's Final Privacy Rules). The Purchaser understands that, at any time subsequent to the date hereof, it may elect to receive any information contemplated by clauses (i) and (ii) above, but only to the extent that the General Partner is required by applicable law to deliver such information, by providing reasonable prior written notice to the General Partner to such effect.

6.10 Except as otherwise disclosed in writing by the Purchaser to the General Partner, neither the Purchaser nor any Beneficial Owner has dealt with a broker in connection with the purchase of the Interest and agrees to indemnify and hold the General Partner, the Manager, the Partnership and the Fund harmless from any claims for brokerage commissions or fees in connection with the transactions contemplated herein.

6.11 The Purchaser understands that the Partnership will not register as an investment company under the Investment Company Act by virtue of the exemptions under Section 3(c)(1) or Section 3(c)(7) thereof, or another exemption as determined by the Partnership, and, therefore, the protections afforded by the Investment Company Act will not be available to Purchaser in connection with an investment in the Interest.

6.12 The Purchaser understands that (i) neither the Partnership nor the Fund have an obligation or intention to register the Interests for resale under any federal or state securities laws, or to take any action (including the filing of reports or the publication of information required by Rule 144 under the Securities Act) which would make available any exemption from the registration requirements of such laws, and (ii) therefore, the Purchaser may be precluded from selling or otherwise transferring or

disposing of the Interest or any portion thereof and may have to bear the economic risk of investment in the Interest for an indefinite period of time.

6.13 ERISA. The Purchaser is not (i) an "employee benefit plan" subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("ERISA") and/or Code Section 4975 or (ii) an entity whose underlying assets include "plan assets "of one or more "employee benefit plans" that are subject to Title I of ERISA and/or one or more "plans" that are subject to Code Section 4975 by reason of the investment in such entity, directly or indirectly, by such employee benefit plans or plans.

6.14 The Purchaser is not a "municipal entity" or an "obligated person" as those terms are defined in Section 15B(e) of the U.S. Securities Exchange Act of 1934, as amended, for purposes of compliance with the U.S. Securities and Exchange Commission's Municipal Advisor Rules, unless otherwise disclosed to the General Partner at the time of admission to the Partnership (and in such case, the General Partner may require additional information).

6.15 Bank Account. The Purchaser acknowledges and agrees that any distributions paid to it will be paid to the same account specified on **Appendix A-I** below as the account from which payments will be made by the Purchaser to the Partnership, which in any event shall be an account in the name of the Purchaser, unless the General Partner agrees otherwise.

6.16 Transfers. The Purchaser is acquiring the Interest for his, her or its own account and not for the account of any other Person, and for investment purposes only, and is not making its Capital Commitment to the Partnership with a view to, or for sale in connection with, any distribution of all or any part of such Interest. The Purchaser has no present intention, agreement or arrangement to divide its Interest with others, or to sell, assign, transfer or otherwise dispose of all or any part of such Interest, or the grant of any participation therein. The Purchaser will not, directly or indirectly, Transfer all or any part of such Interest (or solicit any offers to buy, purchase or otherwise acquire or take a pledge of all or any part of such Interest) except in accordance with (i) the registration provisions of all applicable securities laws, or an exemption from such registration provisions; (ii) the ELP Act; and (iii) the terms of the Partnership Agreement. The Purchaser has not entered into and will not enter into: (a) a swap, structured note or other derivative instrument with a third party, the return from which is based in whole or in part on the return of the Partnership; (b) a variable annuity or insurance policy, the value of which is based in whole or in part on the return of the Partnership; or (c) any other hedging transactions involving the Interest. The Purchaser understands that the Purchaser must bear the economic risk of the Purchaser's investment for an Interest for an indefinite period of time because, inter alia, the offering and sale of the Interests have not been registered under any securities laws and are not expected to be so registered and, therefore, the Interests cannot be sold unless an exemption from such registration is available with respect to any such sale. The Purchaser also understands that Transfers of the Interests are further restricted by the provisions of the Partnership Agreement, and may be restricted by the ELP Act or other applicable securities laws. Furthermore, the Purchaser further understands that, no market exists or is expected to develop for the Interests, and that due to the substantial restrictions on transferability of the Interests, it is not anticipated that there will be any market for resale of such Interests. Therefore, it may not be possible for the Purchaser to liquidate its investment in the Partnership.

6.17 Tax Consequences. The Purchaser acknowledges and understands that the U.S., Israeli and other tax consequences of an investment in the Partnership are not certain. The Purchaser further acknowledges and understands that it is possible that the Partnership will recognize income, and that as a result, the Partner may be liable to pay taxes, without corresponding cash distributions by the Partnership. The Purchaser fully understands that in such case, it may have to pay the tax so incurred notwithstanding the fact that the Partnership did not distribute an amount sufficient to cover such tax liability. Furthermore, (i) in the case of a Purchaser investing through Feeder 3, such Purchaser understands that Feeder 3 will not invest in the REIT Fund through an entity that is treated as an association taxable as a corporation for U.S. federal income tax purposes. As such, the income allocated to such Purchaser from the REIT Fund through Feeder 3 may be reportable and taxable in the US or Israel and the Purchaser will be obligated to report in the United States (on certain items of income), Israel and certain states its income, gains, losses and deductions on an annual basis and pay tax on any income and gains, (ii) in the case of a Purchaser investing through Feeder US or Feeder 1, the Purchaser understands the Partnership and the Fund are flow through entities for federal and certain states income tax purposes. As such, the income allocated to such Purchaser from the Partnership will be reportable and taxable in the US and the Purchaser will be obligated to report in the United States and certain other states its income, gains, losses and deductions on an annual basis and pay tax on any income and gains. Other than with respect to Purchasers investing through Feeder US, the structure of the investment entails the use of debt and equity to the REIT Fund. In the case of a Purchaser that is investing through, Feeder 2, Feeder 4, Feeder 5 or Feeder 6, such Purchaser understands that such Feeders will set up entities that are treated as partnerships for U.S. federal income tax purposes, that are holding entities that are treated as associations taxable as corporations for U.S. federal income tax purposes. As a result, the Purchaser should not be liable to tax or reporting obligations in the U.S. in respect of the income of such entities pending distributions from such Feeders. However, there is a risk that interest paid to such Feeders with respect to loans made to FRG-X (F-D), LP may be characterized as a distribution for tax purposes, and not as a deductible expenses for the interest holders of FRG-X (F-D), LP. Furthermore, other than Purchasers investing through Feeder US, Feeder 1 and Feeder 2, the Purchaser also understands that the Partnership will hold an indirect interest in the REIT Fund, which is organized in order to qualify as and elect to be a real estate investment trust ("REIT"). The Purchaser understands that while the General Partner will use commercially reasonable efforts to maintain the status of the REIT as a real estate investment trust within the meaning of the Internal Revenue Code of 1986, as amended (the "Code"), it is possible that the IRS will challenge such qualification. If successful, then the REIT will be subject to tax on its income at the US federal corporate tax rate (21% in 2021) and to state taxes, as well as to other penalties (as further discussed in the **Risk Factor Supplement** below. Moreover, the Purchaser understands that the view of the tax authority in Israel in respect of the character of income emanating from investment funds such as the Partnership as business income or as passive income is not clear. The tax rates applicable to business income in Israel are higher in the case of individual investors. In addition, business income may not be exempt from tax for entities that are otherwise tax exempt in Israel. Finally, if the Purchaser is an individual, it understands that the interest purchased by such person may be subject to US estate tax.

The Purchaser hereby represents that it is fully informed as to the legal and tax requirements within the Purchaser's own country (or countries) regarding the purchase of the Interest and that it has sought advice from its own tax advisors as to the advisability of an investment in the Partnership.

The Purchaser is advised to consult with tax advisors in respect of the US, Israeli and other tax consequences emanating from purchasing, holding, and disposing of the Interest.

6.18 Tax Withholding Information. The Purchaser shall promptly provide such information, documentation or certification as may be requested by the General Partner to determine whether withholding may be required with respect to the Purchaser's Interest in the Partnership or in connection with tax filings in any jurisdiction in which or through which the Partnership invests, directly or indirectly. Such information may include any information or certification required for the Partnership, the REIT Fund or the Fund (or any other entity in which the Partnership directly or indirectly invests or any parallel fund or alternative investment vehicle) to comply with any tax return or information filing requirements or to obtain a reduced rate of, or exemption from, any applicable tax, whether pursuant to the laws of such jurisdiction or an applicable tax treaty. Such information, documentation or certification may include, without limitation, information regarding the ultimate beneficial owners of the Purchaser. The Purchaser hereby acknowledges and agrees that the General Partner may provide any such information, documentation or certifications to any applicable tax authority.

6.19 FATCA. The Purchaser acknowledges that the Partnership, the General Partner, the REIT Fund and the Fund will seek to comply with §§1471 through 1474 of the Code, the Treasury Regulations thereunder, any rules, regulations, forms, instructions, agreements issued by the United States Internal Revenue Service (the "IRS"), intergovernmental agreements (each, an "IGA") the Organization for Economic Development – Common Reporting Standard, and any similar laws or regulations of any other jurisdiction other than the United States, or other guidance issued in connection with each of the foregoing (the "FATCA Provisions"). In furtherance of these efforts, the Purchaser agrees to promptly deliver any additional documentation or information, and updates thereto as applicable, which the Partnership may request in order to comply with the FATCA Provisions, including, but not limited to (i) information the General Partner deems necessary to determine whether the Purchaser is a "foreign financial institution" as defined in Code §1471(d)(4) and Treasury Regulations thereunder, or a "non-financial foreign entity" as defined in Code § 1472(d) and Treasury Regulations thereunder; (ii) if the Purchaser is a foreign financial institution, any certification, statement or other information the General Partner deems necessary to determine whether the Purchaser meets the requirements of Code §1471(b) (including entering into an agreement with the IRS pursuant to Code §1471(b) and complying with the terms thereof) or is otherwise exempt from withholding required under the FATCA Provisions or an applicable IGA; and (iii) if Purchaser is a non-financial foreign entity, any certification, statement or other information the General Partner deems necessary to determine whether the Purchaser meets the requirements of Code §1472(b), which information may be given to the IRS, or is otherwise exempt from withholding required under the FATCA Provisions. The Purchaser acknowledges and agrees that, notwithstanding anything to the contrary contained in the Partnership Agreement, the failure to promptly comply with such requests, or to provide such additional information, may result in the withholding of amounts with respect to, or other limitations on, distributions made to the Purchaser and such other reasonably necessary or advisable action as the Partnership or the General Partner may consider necessary or appropriate with respect to the Interests (including, without limitation, the required redemption of the Purchaser pursuant to Section 3.2(f) of the Partnership Agreement), and the Purchaser shall have no claim, and shall not pursue any claim, against the Partnership, the General Partner or any other Person in connection therewith. The Purchaser understands that the information contained herein may be disclosed to the United States Government by the Partnership.

6.20 For purposes of this Section 6.20, "United States person" means (i) an individual who is a United States citizen or resident for U.S. federal income tax purposes; (ii) a partnership, corporation or limited liability company organized under United States law; (iii) a United States estate (or any other estate all of the income of which is subject to United States federal income tax regardless of the source); or (iv) a trust if a court within the United States is able to exercise primary supervision over the trust's administration and one or more United States persons have the authority to control all of its substantial decisions or if a valid election to be treated as a United States person is in effect with respect to such trust.

6.20.1 United States Persons. Each Purchaser that is a United States person as defined in this Section 6.20 must complete an IRS Form W-9. These forms are necessary for the Partnership to comply with its tax filing obligations and to establish that the Purchaser is not subject to certain withholding tax obligations applicable to non-United States persons.

6.20.2 Non-United States Persons. Purchasers and beneficial owners that are not "United States persons" as defined in this Section 6.20, are required to provide information about their status for withholding tax and the FATCA Provisions on an applicable IRS Form W-8 including a Form W-8BEN (Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding and Reporting (Individuals)), Form W-8BEN-E (Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding and Reporting (Entities)) (for non-United States Beneficial Owners), Form W-8IMY (Certificate of Foreign Intermediary, Foreign Flow-Through Entity, or Certain U.S. Branches for United States Tax Withholding and Reporting) (for non-United States intermediaries, flow-through entities, and certain United States branches), Form W-8EXP (Certificate of Foreign Government or Other Foreign Organization for United States Tax Withholding and Reporting) (for non-United States governments, non-United States central banks of issue, non-United States tax-exempt organizations, non-United States private foundations, and governments of certain United States possessions), or Form W-8ECI (Certificate of Foreign Person's Claim that Income is Effectively Connected With the Conduct of a Trade or Business in the United States) (for non-"United States persons" receiving income that is effectively connected with the conduct of a trade or business in the United States), as more specifically described in the instructions accompanying those forms and with any relevant attachments (if applicable). If applicable, a Purchaser or beneficial owner that is not a "United States person" must also provide a United States taxpayer identification number or Global Intermediary Identification Number ("GIIN") on the applicable Form W-8. Purchasers may access the IRS website (www.irs.gov) to obtain the appropriate form W-8 and its instructions. Non-United States persons may also be asked to provide certain information with respect to themselves and, if applicable, their beneficial owners, under the FATCA Provisions in order for the Partnership to be in compliance with FATCA Provisions and to avoid withholding under the FATCA Provisions of the Code or other applicable law.

6.21 Anti-Money Laundering. The Purchaser acknowledges that that the Partnership seeks to comply at all times with applicable anti-money laundering laws and regulations and that it is the Partnership's policy to cooperate fully with law enforcement agencies. Without derogating from the Partnership

Agreement, the Partnership, the General Partner or any administrator acting on behalf of the Partnership or the Fund may be required to collect, before, and from time to time after, acceptance by the Partnership of this Subscription Agreement, customer identification information with respect of the Purchaser including customer identification information for all of its underlying beneficial owners, as set forth in **Supplement B**, and further documentation verifying the source of funds used to purchase an Interest.

6.21.1 The Purchaser represents that none of the funds invested by the Purchaser in the Partnership are or will be, directly or indirectly, derived from or related to any activity that is deemed criminal or unlawful under federal, state or foreign laws, rules or regulations, including anti-money laundering laws, rules or regulations and that the investment is not intended to further or advance any criminal or unlawful activities, or otherwise hide, disguise or conceal the source, nature or ownership of the proceeds used for the investment. The Purchaser further represents that it has complied and shall comply with all reporting requirements and tax obligations applicable to the funds invested in the Partnership.

6.21.2 The Purchaser acknowledges and agrees that, notwithstanding anything to the contrary contained in the Partnership Agreement, to the extent required by any anti-money laundering law or regulation, the General Partner may prohibit additional Capital Contributions by the Purchaser or take any other reasonably necessary or advisable actions with respect to the Interests, and the Purchaser shall have no claim, and shall not pursue any claim, against the General Partner or any other Person in connection therewith. The Purchaser further understands and agrees that if at any time it is discovered that any of the foregoing representations is incorrect, or if otherwise required by any applicable law, the General Partner may undertake appropriate actions to ensure compliance with applicable law or regulation.

6.21.3 The Purchaser agrees to hold harmless each Faropoint Person (as defined below) with respect to, and reimburse each Faropoint Person for, any liability, loss, claim, cost, damage or expense (i) arising as a result of a failure to process any subscription or the refusal to make a distribution or other payment pursuant to the terms of Section 6.21.2 above; or (ii) which any Faropoint Person may suffer as a result of any violations of law, rule or regulation committed by the Purchaser. For purposes of this Subscription Agreement, "Faropoint Person" shall mean the General Partner, the Manager (as defined in the Partnership Agreement), the Partnership, the Fund and their respective affiliates, as well as the respective partners, members, directors, managers, officers, employees, agents, successors, heirs and assigns of any of the foregoing.

6.21.4 Unless indicated otherwise in the Questionnaire below, neither the Purchaser nor any Person directly or indirectly controlling, controlled by or under common control with the Purchaser is a (i) Senior Foreign Political Figure; (ii) any member of a Senior Foreign Political Figure's Immediate Family; (iii) any Close Associate of a Senior Foreign Political Figure; or (iv) any Person identified as a terrorist organization on any relevant lists maintained by governmental authorities.

6.21.5 The Purchaser agrees to provide the General Partner at any time during the term of the Partnership with such information as the General Partner determines to be necessary or appropriate to comply with the anti-money laundering laws and regulations of any applicable jurisdiction, or to respond to requests for information concerning the identity of Limited Partners and the source of funds used to purchase an Interest, from any governmental authority, self-regulatory organization or financial institution in connection with its anti-money laundering compliance procedures, or to update such information.

6.22 Non-Solicitation. The Purchaser acknowledges that it is not subscribing pursuant hereto for an Interest as a result of, subsequent to or pursuant to (i) any advertisement, article, notice or other communications published in any newspaper, magazine or similar media or form of general advertising or general solicitation (including any internet site whose information about the Partnership is not password protected) or broadcast over television or radio; or (ii) any seminar or public promotional meeting whose attendees, including the Purchaser, had been invited as a result of, subsequent to or pursuant to any of the foregoing.

6.23 Valuations. Without derogating from the Partnership Agreement, the Purchaser understands that the results of the operations of the Partnership may be based on estimated valuations of the Partnership and the Fund's investments and that the Partnership's quarterly financials will not be audited.

6.24 No Separate Legal Counsel. The Purchaser understands that Raveh Haber & Co. Advocates (as to matters of Israeli law) and Carey Olsen (as to matters of Cayman Islands law) have been engaged by the General Partner to represent it, the Partnership and the Fund, and not the Purchaser, in connection with the organization of the Partnership and the Fund and the offering of Interests in the Partnership. The Purchaser also understands that no separate counsel has been engaged by the General Partner to independently represent the Limited Partners, including the Purchaser, and the Purchaser should consult his, her or its own legal and tax advisers in connection with such matters.

6.25 No Regulatory Oversight. The Purchaser acknowledges that no U.S. federal or state, agency or authority or government authority or agency of any other jurisdiction has passed upon the Interests or made any findings or determination as to the fairness of an investment therein.

6.26 Reliance. The representations, warranties, agreements, certifications, undertakings and acknowledgments made by the Purchaser in this Subscription Agreement and the Partnership Agreement, and any third party approvals, confirmations and letters provided by the Purchaser in connection with its subscription herein, will be relied upon by the Partnership and the General Partner in determining the Purchaser's suitability as a purchaser of an Interest and the Partnership's compliance with applicable securities laws.

6.27 Amendments and Waivers. This Subscription Agreement may be amended and the observance of any provision hereof may be waived (either generally or in a particular instance and either retroactively or prospectively) only with the written consent of the Purchaser and the General Partner (acting on behalf of the Partnership).

7. **Survival of Representations and Warranties; Indemnity**. All representations, warranties and covenants contained herein or made in writing by the Purchaser, or by or on behalf of the Partnership, in connection with the transactions contemplated by this Subscription Agreement shall survive the execution and delivery of this Subscription Agreement, any investigation at any time made by or on behalf of the Partnership, the General Partner or the Purchaser, and the issue and shall be deemed to be confirmed to the Partnership as of the date the General Partner, on behalf of the Partnership, accepts this Subscription Agreement and each subsequent date on which the Purchaser acquires any additional interest in the Partnership or makes a contribution to the Partnership. The Purchaser agrees to supply any additional written information concerning the representations in this Subscription Agreement that the General Partner may reasonably request from time to time. The Purchaser shall and hereby does indemnify and hold harmless the Faropoint Persons from and against, and shall reimburse the Faropoint Persons for, any and all losses, expenses, liabilities, costs and other damages to which any of them may become subject or arising out of or relating to any false representation or warranty, or any breach of or failure to comply with any covenant or agreement, made by the Purchaser in this Subscription Agreement or in any other document furnished to the Partnership in connection with the Purchaser's acquisition of the Interest. The Purchaser also shall reimburse each Faropoint Person for its reasonable legal and other expenses (including the cost of any investigation and preparation) as they are incurred in connection with any action, proceeding or investigation arising out of or based upon the foregoing. The reimbursement obligations of the Purchaser under this Section 7 shall be in addition to any liability which the Purchaser may otherwise have (including, without limitation, liability under the Partnership Agreement).

8. **Successors and Assigns**. This Subscription Agreement shall be binding upon and inure to the benefit of and be enforceable by the respective heirs, successors and permitted assigns of the parties hereto.

It is the Purchaser's affirmative obligation to notify the Partnership in writing if the Purchaser's e-mail address listed herein changes. The Purchaser may revoke or restrict its consent to electronic delivery of communications at any time by notifying the Partnership, in writing, of the Purchaser's intention to do so. The Partnership and the General Partner shall not be liable for any interception of communications.

A person, other than a Financial Institution, holding a Financial Account for the benefit or account of another person as agent, custodian, nominee, signatory, investment advisor, or intermediary, is not treated as holding the account for purposes of this Agreement, and such other person is treated as holding the account. For purposes of the immediately preceding sentence, the term "Financial Institution" does not include a Financial Institution organized or incorporated in a U.S. Territory. In the case of a Cash Value Insurance Contract or an Annuity Contract, the Account Holder is any person entitled to access the Cash Value or change the beneficiary of the contract. If no person can access the Cash Value or change the beneficiary, the Account Holder is any person named as the owner in the contract and any person with a vested entitlement to payment under the terms of the contract. Upon the maturity of a Cash Value Insurance Contract or an Annuity Contract, each person entitled to receive a payment under the contract is treated as an Account Holder.

(f) The NFFE is not yet operating a business and has no prior operating history, but is investing capital into assets with the intent to operate a business other than that of a Financial Institution; provided, that the NFFE shall not qualify for this exception after the date that is 24 months after the date of the initial organization of the NFFE;

v) The applicable laws of the Entity's country of residence or the Entity's formation documents require that, upon the

Entity's liquidation or dissolution, all of its assets be distributed to a governmental entity or other non-profit organization, or escheat to the government of the Entity's jurisdiction of residence or any political subdivision thereof.

In the case of a Cash Value Insurance Contract or an Annuity Contract, the Account Holder is any person entitled to access the Cash Value or change the beneficiary of the contract. If no person can access the Cash Value or change the beneficiary, the Account Holder is any person named as the owner in the contract and any person with a vested entitlement to payment under the terms of the contract. Upon the maturity of a Cash Value Insurance Contract or an Annuity Contract, each person entitled to receive a payment under the contract is treated as an Account Holder.

Active Non-Financial Entity means any NFE that meets any of the following criteria:

e) the NFE is not yet operating a business and has no prior operating history, but is investing capital into assets with the intent to operate a business other than that of a Financial Institution, provided that the NFE does not qualify for this exception after the date that is 24 months after the date of the initial organisation of the NFE;

f) the NFE was not a Financial Institution in the past five years, and is in the process of liquidating its assets or is reorganising with the intent to continue or recommence operations in a business other than that of a Financial Institution;

g) the NFE primarily engages in financing and hedging transactions with, or for, Related Entities that are not Financial Institutions, and does not provide financing or hedging services to any Entity that is not a Related Entity, provided that the group of any such Related Entities is primarily engaged in a business other than that of a Financial Institution; or

h) the NFE meets all of the following requirements:

   i) it is established and operated in its jurisdiction of residence exclusively for religious, charitable, scientific, artistic, cultural, athletic, or educational purposes; or it is established and operated in its jurisdiction of residence and it is a professional organisation, business league, chamber of commerce, labour organisation, agricultural or horticultural organisation, civic league or an organisation operated exclusively for the promotion of social welfare;

   v) the applicable laws of the NFE's jurisdiction of residence or the NFE's formation documents require that, upon the NFE's liquidation or dissolution, all of its assets be distributed to a Governmental Entity or other non-profit organisation, or escheat to the government of the NFE's jurisdiction of residence or any political subdivision thereof.

Controlling Person means the natural persons who exercise direct or indirect control over an entity.

In the case of a trust, such term means the settlor(s), the trustees(s), the protector(s) (if any), the beneficiary(ies) or class(es) of beneficiaries, and any other natural person(s) exercising ultimate effective control over the trust, and in the case of a legal arrangement other than a trust, such term means persons in equivalent or similar positions. The term 'Controlling Persons' shall be interpreted in a manner consistent with the Financial Action Task Force Recommendations ("FATF").

FATF Recommendations on Controlling Persons:

Identify the beneficial owners of the customer and take reasonable measures to verify the identity of such persons, through the following information. For legal persons[4]:

(a) The identity of the natural persons (if any – as ownership interests can be so diversified that there are no natural persons (whether acting alone or together) exercising control of the legal person or arrangement through ownership) who ultimately have a controlling ownership interest[5] in a legal person; and

(b) to the extent that there is doubt under (a) as to whether the person(s) with the controlling ownership interest are the beneficial owner(s) or where no natural person exerts control through ownership interests, the identity of the natural persons (if any) exercising control of the legal person or arrangement through other means.

(c) Where no natural person is identified under (a) or (b) above, financial institutions should identify and take reasonable measures to verify the identity of the relevant natural person who holds the position of senior managing official.

An entity is treated as primarily conducting as a business one or more of the activities described in limb (A), or an entity's gross income is primarily attributable to investing, reinvesting, or trading in Financial Assets for purposes of limb (B) if the entity's gross income attributable to the relevant activities equals or exceeds 50% of the entity's gross income during the shorter of: (i) the three-year period ending on 31 December of the year preceding the year in which the determination is made; or (ii) the period during which the entity has been in existence. The term "Investment Entity" does not include an entity that is an Active Non-Financial Foreign Entity because it meets any of the criteria in subparagraphs d) through (g) of the definition of Active NFE.

The preceding paragraph shall be interpreted in a manner consistent with similar language set forth in the definition of "financial institution" in the Financial Action Task Force Recommendations; and

---

[4] Measures (a) to (b) are not alternative options, but are cascading measures, with each to be used where the previous measure has been applied and has not identified a beneficial owner.

[5] A controlling ownership interest depends on the ownership structure of the company. The threshold in respect of a legal person is direct or indirect ownership or control of 10% or more of the shares or voting rights in the legal person, being the threshold specified by the Anti-Money Laundering Regulations, 2017 which implement the FATF Recommendations in the Cayman Islands.

(d) ***Specified Insurance Company*** means any entity that is an insurance company (or the holding company of an insurance company) that issues, or is obligated to make payments with respect to, a Cash Value Insurance Contract or an Annuity Contract.

Non-Financial Entity or ***NFE*** means any Entity that is not a Financial Institution.

(c) any other Entity that presents a low risk of being used to evade tax, has substantially similar characteristics to any of the Entities described in subparagraphs B(1)(a) and (b), and is defined in domestic law as a Non-Reporting Financial Institution, provided that the status of such Entity as a Non-Reporting Financial Institution does not frustrate the purposes of the Common Reporting Standard;

(d) an Exempt Collective Investment Vehicle; or

(e) a trust to the extent that the trustee of the trust is a Reporting Financial Institution and reports all information required to be reported pursuant to Section I with respect to all Reportable Accounts of the trust.

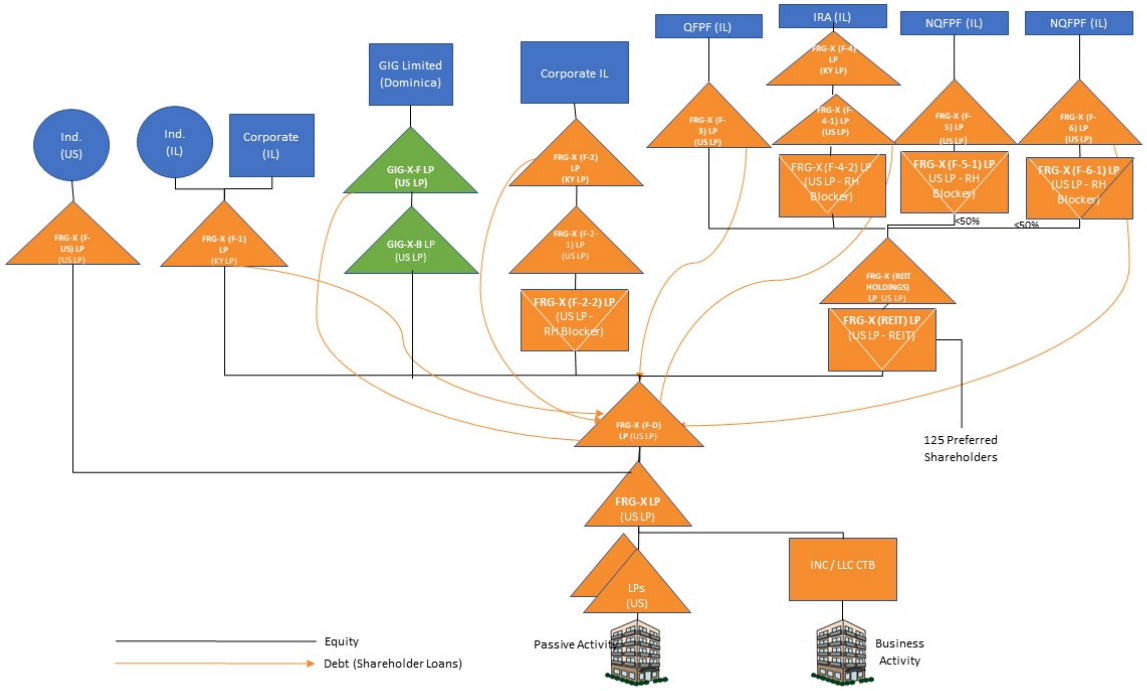
SUPPLEMENT E - STRUCTURE CHART



SUPPLEMENT F - RISK FACTORS SUPPLEMENT

CERTAIN RISK FACTORS

Prospective investors should carefully consider the risks associated with an investment in the Partnership, the investment of the Partnership in the REIT Fund (if applicable), and the investment of the REIT Fund in the Fund, including, but not limited to, those discussed below. An investment in the Partnership and in the Fund, indirectly, is speculative and involves a high degree of risk, which each prospective investor should carefully consider prior to making an investment decision. The risk factors set forth below are not meant to be an exhaustive list of all potential risks associated with an investment in the Partnership and in the Fund, indirectly. Prospective investors should consult their own legal, tax and financial advisors as to all of these risks and, generally, with respect to an investment in the Partnership. Capitalized terms used and not defined herein shall have the meanings set forth in the Amended and Restated Limited Partnership Agreement of the Partnership (the "**Partnership Agreement**").

GENERAL MATTERS. PROSPECTIVE INVESTORS SHOULD INFORM THEMSELVES AS TO THE LEGAL REQUIREMENTS AND TAX CONSEQUENCES WITHIN THE COUNTRIES OF THEIR CITIZENSHIP, RESIDENCE, DOMICILE AND PLACE OF BUSINESS WITH RESPECT TO THE ACQUISITION, HOLDING OR DISPOSAL OF THE INTERESTS. IT IS THE RESPONSIBILITY OF ANY INVESTOR WISHING TO PURCHASE INTERESTS TO SATISFY ITSELF AS TO THE FULL OBSERVANCE OF THE LAWS OF ANY RELEVANT TERRITORY OUTSIDE OF ISRAEL IN CONNECTION WITH SUCH PURCHASE, INCLUDING THE PROCUREMENT OF ANY REQUIRED GOVERNMENTAL OR OTHER CONSENTS AND THE OBSERVATION OF ANY OTHER APPLICABLE FORMALITIES. THIS DOCUMENT DOES NOT CONSTITUTE AN OFFER TO OR SOLICITATION OF ANYONE IN ANY JURISDICTION IN WHICH SUCH AN OFFER OR SOLICITATION IS NOT AUTHORIZED.

FORWARD-LOOKING STATEMENTS. CERTAIN STATEMENTS CONTAINED IN THE FUND DOCUMENTS, INCLUDING WITHOUT LIMITATION, THE WORDS "BELIEVES," "ANTICIPATES," "INTENDS," "EXPECTS," "MAY," "PLANS," "PROJECTS," "WILL," "WOULD," AND WORDS OF SIMILAR IMPORT, CONSTITUTE "FORWARD-LOOKING STATEMENTS." SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES, AND OTHER FACTORS THAT MAY CAUSE THE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS OF THE FUND TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. ANY ANALYSIS OF POTENTIAL INVESTMENTS IS NECESSARILY BASED ON PAST PERFORMANCE, WHICH IS NOT NECESSARILY INDICATIVE OF FUTURE RESULTS. THE FUND CANNOT GUARANTEE THAT IT WILL ACTUALLY ACHIEVE THE PLANS, INTENTIONS OR EXPECTATIONS EXPRESSED OR IMPLIED IN ITS FORWARD-LOOKING STATEMENTS. WHILE THE GENERAL PARTNER MAY ELECT TO UPDATE FORWARD-LOOKING STATEMENTS AT SOME POINT IN THE FUTURE, THE GENERAL PARTNER SPECIFICALLY DISCLAIMS ANY OBLIGATION TO DO SO, EVEN IF SUCH ESTIMATES OR EXPECTATIONS CHANGE. INVESTORS SHOULD CAREFULLY REVIEW THIS SECTION OF THIS DOCUMENT CONTAINING CERTAIN RISK FACTORS IN CONNECTION WITH AN INVESTMENT IN THE FUND.

GENERAL RISKS RELATING TO THE COVID-19 PANDEMIC. PROSPECTIVE INVESTORS IN THE FUND SHOULD NOTE THAT THE RECENT OUTBREAK OF THE COVID-19 PANDEMIC, AS WELL AS THE ENSUING GLOBAL MARKET TURMOIL, UNPRECEDENTED GLOBAL TRAVEL RESTRICTIONS AND REGIONAL AND NATIONWIDE QUARANTINES THAT HAVE BEEN IMPLEMENTED BY SEVERAL GOVERNMENTS AND THE SLOWING AND/OR COMPLETE STAGNATION OF CERTAIN SIGNIFICANT BUSINESSES AND SECTORS, AMONG OTHER RELATED MATTERS, HAVE LED TO A MARKET CORRECTION IN THE UNITED STATES AND ELSEWHERE, AND HAVE LED MANY MARKET PARTICIPANTS AND COMMENTATORS TO EXPECT A MORE SUSTAINED ECONOMIC DOWNTURN IN THE UNITED STATES AND/OR GLOBALLY. VARIOUS MEASURES HAVE BEEN IMPLEMENTED GLOBALLY BY POLITICAL AND ECONOMIC LEADERS IN ORDER TO ATTEMPT TO ADDRESS THE INCREASING UNCERTAINTY IN GLOBAL MARKETS AND THE GLOBAL ECONOMY. SUCH MEASURES HAVE INCLUDED, AND MAY INCLUDE IN THE FUTURE, ADDITIONAL TRAVEL BANS IMPACTING THE MOVEMENT OF PEOPLE AND GOODS BETWEEN THE MAJOR ECONOMIC CENTERS, SOCIAL-ISOLATION MEASURES, INCLUDING RESTRICTIONS ON GATHERINGS OF MULTIPLE INDIVIDUALS, GENERAL CURFEWS AND THE CLOSURE OF PUBLIC REALM SPACES, AND MATERIAL MONETARY AND/OR FISCAL POLICY CHANGES. IN ADDITION, KEY PUBLIC HEALTH OFFICIALS HAVE INDICATED THAT THEY BELIEVE THE COVID-19 PANDEMIC WILL WORSEN IN THE NEAR TERM, WHICH WOULD BE EXPECTED TO LEAD TO INCREASED SOCIAL AND ECONOMIC UNCERTAINTY. IN THE EVENT THAT THE COVID-19 PANDEMIC (AND OTHER OUTBREAKS OF INFECTIOUS DISEASES IN THE FUTURE) IS NOT MITIGATED OR THE VACCINES INTRODUCED TO THE MARKET DO NOT MITIGATE THE OUTBREAK, THERE MAY BE AN ADVERSE IMPACT ON THE PUBLIC AND THE PRIVATE MARKETS, AND SPECIFICALLY ON ASSET PRICES, ON ABILITY OF THE FUND TO OBTAIN CREDIT AND DEBT AND EQUITY CAPITAL ON ATTRACTIVE TERMS (OR AT ALL), TO RECRUIT, ATTRACT AND RETAIN SKILLED PERSONNEL, TO OPERATE IN AFFECTED AREAS, AND ON THE ABILITY OF THE TENANTS TO PAY THEIR RENT ON THEIR LEASES (OR ON THE INABILITY OF THE FUND TO RE-LEASE SPACE THAT IS OR BECOMES VACANT) WHICH IN EACH CASE, COULD NEGATIVELY IMPACT THE PERFORMANCE OF THE PROPERTIES. FINALLY, THE FULL IMPACT OF THE PANDEMIC AND THE ECONOMIC SHOCKS ON MARKETS, BUSINESS ACTIVITY AND THE GLOBAL ECONOMY, AS WELL AS POTENTIAL CHANGES IN ECONOMIC AND FISCAL POLICIES THAT MAY BE ADOPTED BY GOVERNMENTS TO ADDRESS THE SAME, HAVE NOT YET BEEN FULLY IDENTIFIED OR UNDERSTOOD.

General Risks relating to an Investment in the Partnership and the Fund

Structure. The Partnership was formed specifically for investment in the Fund, directly or indirectly, and, therefore, the Partnership does not have an independent investment policy. Thus, the results of the Partnership are dependent on the results of the Fund. The Partnership is obligated to bear a portion of the Fund's expenses, including management fees. In addition, the Partnership will incur its own expenses. Distributions will be made by the Fund to its partners in accordance with the Fund Agreement, pursuant to which the General Partner of the Fund shall be entitled to disproportionate distributions of the profits earned by the Fund once the limited partners thereof have achieved certain returns and recovered their capital contributions to the Fund. Amounts so distributable to the General Partner will reduce the amounts available to the Limited Partners of the Partnership.

Passive Investment; Unspecified Use of Proceeds. An investment in the Partnership is passive in nature. The Limited Partners will not have the ability to influence the Fund's performance or decisions made by the General Partner of the Fund. For example, the majority of the Fund's investments have not yet been identified and Limited Partners will be dependent upon the judgment and ability of the General Partner of the Fund to invest and manage the Fund's capital.

Lack of Liquidity. An investment in the Partnership is subject to severe constraints on transferability and liquidity. A Limited Partner will not be entitled to transfer its Interest in the Partnership without the consent of the General Partner, which generally may be withheld in its sole and absolute discretion. Furthermore, there is no market for Interests in the Partnership and none is expected to develop. Finally, real estate investments in which the Fund expects to invest, are highly illiquid, which may result from the decline in value of a property held by the Fund. Therefore, an investment in the Partnership is suitable only for a sophisticated, experienced investor that is financially able to maintain its investment for a substantial period of time and that can afford a loss of its investment.

Dependence on Key Personnel. The success of the Partnership and of the Fund depends in large part on the abilities of the Principals and their continued association with the Partnership and the Fund. There is no assurance that the Principals will remain associated with the Partnership and the Fund throughout their term or that they will succeed in achieving the Fund's investment objectives. Although the Principals and other key employees of the General Partner have had extensive experience in real estate transactions, both the Partnership and the Fund are newly formed entities with no operating history. Furthermore, past performance of the prior Faropoint funds (the "**Prior Funds**") and co-investment vehicles is not necessarily indicative of future results, and provides no assurance of any future results of either the Partnership or the Fund.

Past Results Not Indicative of Future Results. There can be no assurance that the Fund will achieve similar results to the results of the Prior Funds or to any of the results obtained by the Principals in their prior investments and endeavors, whether on an aggregated portfolio basis or an individual investment by investment basis. Although the Principals may have achieved or expect to achieve favorable returns with some of their previous investments, performance of past investments and of the Prior Funds (whether or not of the type and scope of the Fund) cannot be relied upon to predict the Fund's success. There can be no assurance that the Fund will achieve its investment objective. The Fund's lack of operating history and knowledge regarding the profitability of its identified investments increase the risk and uncertainty a potential investor faces in making an investment in the Partnership and the Fund. Potential investors cannot be assured that historic performance of the Principals will be repeated with the Fund.

Exculpation and Indemnification of the General Partner and certain other persons. The Partnership Agreement provides that the General Partner, the Principals, any Liquidating Trustee, and certain other persons shall not be liable for any act or omission relating to the Partnership, so long as such act or omission is not adjudged to constitute Disabling Conduct. Therefore, a Limited Partner may have more limited rights of action than it would have, absent the inclusion of the relevant provisions in the Partnership Agreement. In addition, the Fund is required to indemnify such persons for claims relating to the Fund unless a court shall have determined that the Damages resulted primarily from the relevant person's Disabling Conduct. In the event that the Fund must indemnify one or more persons, significant resources of the Fund may be expended in meeting such obligations. Furthermore, Partners may be required to return a portion of the distributions received thereby from the Fund in the event that the assets of the Fund are inadequate to meet its indemnification obligations.

Anti-Money Laundering and 'Know Your Client' Consequences. The Partnership Agreement provides that the General Partner may require the complete or partial redemption of a Limited Partner under certain circumstances, with such circumstances including such cases where the continued undiminished membership of such Limited Partner in the Partnership poses a heightened risk with respect to applicable "know your customer" or anti-money laundering regulations or requirements or if such Limited Partner has not presented sufficient information for the General Partner to make such determination. Although the General Partner

intends to accept to the Partnership only those prospective investors which have provided sufficient evidence as to their qualifications and competence, there can be no assurance that such evidence received will be sufficient or that all such investors will remain in compliance throughout the term of the Partnership. Any such determination by the General Partner to effect the complete or partial redemption of a Limited Partner may decrease the aggregate amount of Capital Commitments to the Partnership, having a substantial impact on the Partnership and the Fund's ability to make new Portfolio Investments and generate returns.

Investors' Restrictions. Potential investors whose activities are subject to investment laws and regulations, regulatory capital requirements or to review by certain regulatory authorities may be subject to restrictions or prohibitions on making an investment in the Partnership and the Fund. Any such investor should consult its own legal advisors in determining whether and to what extent it is able to invest in the Partnership. The General Partner does not make any representation as to the proper characterization of the Interests or the investments to be made by the Partnership or the Fund for legal investment or any other purposes, or as to the ability of particular investors to invest in the Partnership or the Fund.

The Limited Partners are diverse. The Limited Partners may include taxable and tax-exempt persons and entities and may include Limited Partners organized in various jurisdictions, including jurisdictions outside of the United States. As a result, conflicts of interest may arise in connection with decisions made by the General Partner and the Manager that may be more beneficial for one type of Limited Partner than for another type of Limited Partner. In addition, the General Partner may make investments for the Fund that may have a negative impact on other investments made by the Limited Partners in separate transactions. In selecting investments appropriate for the Fund, the General Partner will consider the investment objectives of the Fund as a whole, not the investment objectives of any Limited Partner individually.

Lack of Separate Legal Counsel. Raveh Haber & Co, Advocates (and any other counsel retained by the General Partner, the Partnership or the Fund) serve as legal counsel to the Partnership and certain of its affiliates and not to any investor that becomes a Limited Partner of the Partnership, even though legal fees paid to such firm shall be borne by the Partnership and, indirectly, by the Partnership's Limited Partners. The General Partner urges each prospective investor to consult with his, her or its own legal, accounting, business, investment, pension and tax advisors in order to determine the appropriateness and consequences of an investment in the Partnership and arrive at an independent evaluation of the merits of such investment.

Side Agreements. The General Partner may enter into a side letter or other similar agreement with a particular Limited Partner in connection with its admission to the Partnership without the approval of any other Limited Partner. Such letter or agreement could have the effect of establishing rights under or altering or supplementing the terms of the Partnership Agreement with respect to such Limited Partner in a manner more favorable to such Limited Partner than those applicable to other Limited Partners. Any rights or terms so established in a side letter with a Limited Partner will govern solely with respect to such Limited Partner.

Possible Adverse Tax Consequences. No representation or warranty of any kind is made with respect to the tax consequences of an investment in the Partnership and in the Fund or to the allocation of taxable income or loss or distributions therefrom. **Potential investors are advised to consult their own tax advisors with respect to the tax consequences to them of an investment in the Partnership**. Potential investors investing through, Feeder 2, Feeder 3, Feeder 5 or Feeder 6 should not be liable to return filing obligations in the United States and should not be liable to pay tax on the income of the Partnership. Instead, the blocker entities described below will file the required tax returns and pay the relevant taxes. Because such Feeders will invest through such blocker entities, the potential investors therein will not be entitled to the reduced long term capital gains tax rate that may apply to individuals investing in certain assets in the United States. Due to direct investment through partnerships into the United States, investors in Feeder 1 would be subject to a filing obligation in the United States. Such investors should consult with their tax advisors as to their potential tax liability. Only potential investors in Feeder US or Feeder 1 may be eligible to such reduced capital gains tax rates on capital gains of the Partnership, if such potential investors make their investment in Feeder US or

Feeder 1 as individuals for US federal income tax purposes and if the conditions for such preferential tax treatment under the Code are met. The blocker entities are set up as entities that are subject to tax as corporations for US federal income tax purposes. Public L. 115-97 (the "**Tax Reform**"), introduced significant changes to the Code that may have an effect among other things on the tax rates and rules applicable to the blocker entities, fund's entities and the investors and the deductibility of certain items. Many provisions of such law are not clear and guidance may not be issued or may be issued but may be adverse to the tax position of the blocker entities and the investors. Thus, the tax consequences of the investments may not be certain. While the Partnership may restructure its investments to mitigate tax exposures, it is not clear whether such restructuring will enable the Partnership to avoid certain adverse tax consequences under the rules of the Tax Reform.

In addition, potential investors other than those investing through Feeder US or Feeder 1 should be aware that the tax consequences of the capital structure employed by such Feeders in respect of their investment in certain blockers entities (i.e., entities that are corporation for federal income tax purposes) are not entirely clear. The IRS may characterize certain payments of interest and principal made to such Feeders as dividends or otherwise disagree that the interest paid to such Feeders are not subject to withholding tax. While all Feeders intend to follow their tax advisor's recommendations as to the level of debt and rate of interest thereon, the IRS may disagree with the analysis of such tax advisors. While the Partnership and each Feeder intend to follow advice of tax advisors, there is no assurance that the IRS or the courts will consent to the tax consequences believed by the Partnership, such Feeders or such Limited Partner to apply to Limited Partners an indirect interest in the Fund. In addition, the Israeli tax consequences of income and gains emanating from the Partnership are not entirely clear. The Israeli taxing authority expressed its view that in some cases dividends from REITs should be taxable as the underlying income of the REIT, i.e., ordinary income or capital gains It is not possible to predict how Israeli courts will rule on any of these positions, if such position would be litigated.

REIT Status Risk. Qualification as a REIT will depend upon the ability to meet requirements regarding the REIT Fund's organization and ownership, distributions of its income, the nature and diversification of its income and assets and other tests imposed by the Code. If the REIT Fund fails to qualify as a REIT for any taxable year after electing REIT status, it would generally be disqualified from treatment as a REIT, and would be subject to federal income tax on its taxable income at corporate rates, for the four taxable years following the year of losing its REIT status. Losing REIT status would reduce the REIT Fund's net earnings available for investment or distribution to investors because of the additional tax liability imposed on the REIT Fund. In addition, distributions to the members of the REIT Fund by the REIT Fund would no longer qualify for the dividends paid deduction, and the REIT Fund would no longer be required to make distributions to its members. In certain circumstances, if a REIT fails to meet one or more of the REIT qualification requirements, it may be able to cure such failure without losing REIT status. However, in such case the REIT would be subject to additional taxes and/or penalties and would be required to report such failure to the IRS. Moreover, there can be no assurance that the REIT Fund will be able to cure any such failure without losing REIT status.

REIT's Tax Liabilities. Even if the REIT Fund qualifies as a REIT for federal income tax purposes, it may be subject to some federal, state and local taxes on its income or property. For example:

- In order to qualify as a REIT, the REIT Fund must distribute annually at least 90% of its REIT taxable income (which is determined without regard to the dividends paid deduction or net capital gain) to its members. To the extent that the REIT Fund satisfies the distribution requirement but distributes less than 100% of its REIT taxable income, it will be subject to federal corporate income tax on the undistributed income.
- The REIT Fund will be subject to a 4% nondeductible excise tax on the amount, if any, by which distributions it pays in any calendar year are less than the sum of 85% of its ordinary income, 95% of its capital gain net income and 100% of its undistributed income from prior years.
- If the REIT Fund has net income from the sale of a foreclosure property that it holds primarily for sale to customers in the ordinary course of business or other non-qualifying income from foreclosure property, it must pay a tax on that income at the highest corporate income tax rate.

- If the REIT Fund sells an asset, other than a foreclosure property, that it holds primarily for sale to customers in the ordinary course of business, its gain may be subject to the 100% "prohibited transaction" tax.
- The REIT Fund may be required to pay monetary penalties to the IRS in certain circumstances, including if it fails to meet record-keeping requirements intended to monitor its compliance with rules relating to the composition of a REIT's members.
- REITs are limited in the types and volume of services they are allowed to provide to tenants directly (i.e., not through an independent third party). The limit on impermissible services, known as ITSI, is currently 1% of the income from the property. This 1% threshold is currently also applied to 150% of the expenses generated in the provision of such services. If ITSI were to exceed this threshold, the entire property would be disqualified, which could threaten REIT qualification. If such services are expected, a taxable REIT subsidiary (TRS) may need to be established to provide these tenant services instead of the REIT itself.

REIT Distributions. From time to time, the REIT Fund may generate taxable income greater than its net income for financial reporting purposes, or its taxable income may be greater than its cash flow available for distribution to members (for example, where a borrower defers the payment of interest in cash pursuant to a contractual right or otherwise). If the REIT Fund does not have other funds available to meet its distribution requirements, in these situations, it could be required to borrow funds, sell investments at disadvantageous prices or find an alternative source of funds to make distributions sufficient to enable it to pay out enough of its taxable income to satisfy the REIT distribution requirement and to avoid corporate income tax and the 4% excise tax in a particular year. The General Partner does not know whether outside financing will be available because of the continued disruptions in the financial markets. Even if available, the use of outside financing or other alternative sources of funds to pay distributions could increase costs or reduce equity. Thus, compliance with the REIT requirements may hinder the REIT Fund's ability to operate solely on the basis of maximizing profits.

Limited Investment Opportunities. To qualify as a REIT, the REIT Fund must satisfy certain tests on an ongoing basis, concerning, among other things, the sources of its income, nature of its assets and the amounts it distributes to its members. The REIT Fund may be required to make distributions to members at times when it would be more advantageous to reinvest cash in the business or when it does not have funds readily available for distribution. Compliance with the REIT requirements may hinder the REIT Fund's ability to operate solely on the basis of maximizing profits and the value of the Investments. Furthermore, to qualify as a REIT, the REIT Fund must ensure that at the end of each calendar quarter, at least 75% of the value of the REIT Fund's assets consists of cash, cash items, government securities and qualifying real estate assets, including certain mortgage loans and mortgage-backed securities. The remainder of the REIT Fund's investments in securities (other than government securities and qualified real estate assets) generally cannot include more than 10% of the outstanding voting securities of any one issuer or more than 10% of the total value of the outstanding securities of any one issuer. In addition, in general, no more than 5% of the value of a REIT's assets (other than government securities and qualified real estate assets) can consist of the securities of any one issuer, and no more than 20% (of the value of a REIT's total assets) can be represented by securities of one or more taxable REIT subsidiaries. If the REIT Fund fails to comply with these requirements at the end of any calendar quarter, it must correct the failure within 30 days after the end of the calendar quarter or qualify for certain statutory relief provisions to avoid losing REIT qualification and suffering adverse tax consequences. As a result, the REIT Fund may be required to liquidate from its portfolio otherwise attractive investments. These actions could have the effect of reducing income and amounts available for distribution to the investors.

Tax on Prohibited Transactions. A REIT's net income from prohibited transactions is subject to a 100% tax. In general, prohibited transactions are sales or other dispositions of assets, other than foreclosure property, deemed held primarily for sale to customers in the ordinary course of business. The REIT Fund might be subject to this tax if it were to dispose of or securitize loans in a manner that was treated as a sale of the loans

for federal income tax purposes. Therefore, in order to avoid the prohibited transactions tax, the REIT Fund may choose not to engage in certain sales of loans at the REIT level, and may limit the structures it utilizes for securitization transactions, even though the sales or structures might otherwise be beneficial to the REIT Fund. It may be possible to reduce the impact of the prohibited transactions tax by conducting certain activities through taxable REIT subsidiaries. However, to the extent the REIT Fund engages in such activities through taxable REIT subsidiaries, the income associated with such activities may be subject to full corporate income tax.

Other REIT Status Risks. As discussed above, to qualify as a REIT, the REIT Fund must distribute to its members each year 90% of its REIT taxable income (which is determined without regard to the dividends paid deduction or net capital gain). In addition, to avoid corporate taxation the REIT Fund must distribute at least 100% of its REIT taxable income, and to avoid excise taxes the REIT Fund must distribute at least 85% of its ordinary income, 95% of its capital gain net income and 100% of its undistributed income from prior years. At times, the REIT Fund may not have sufficient funds to satisfy these distribution requirements as a result of: (i) differences in timing between the actual receipt of cash and inclusion of income for federal income tax purposes, (ii) the effect of non-deductible capital expenditures, (iii) the creation of reserves or (iv) required debt amortization payments. The REIT Fund may recognize taxable income in excess of cash available for distribution as a result of: (a) acquiring debt instruments in the secondary market for less than their face amount, (b) investments in debt instruments that give rise to "original issue discount" for federal income tax purposes, (c) modifications of debt investments by agreement with the borrower, or (d) the failure of borrowers to pay stated interest on debt instruments. In the event the REIT Fund does not have sufficient funds to satisfy the distribution requirements, the REIT Fund may need to arrange for short-term, or possibly long-term, borrowings, or to pay dividends in the form of the REIT Fund's units or other taxable in-kind distributions of property. The REIT Fund may need to borrow funds at times when the market conditions are unfavorable. Such borrowings could increase the costs and reduce the value of the investment in the REIT Fund.

Foreign Investors generally will be subject to FIRPTA. Foreign investors generally will be subject to the provisions of the Foreign Investment in Real Property Tax Act of 1980, as amended ("FIRPTA") even if the Partnership conducts its investment activities through the REIT Fund, though exposure to FIRPTA may be mitigated through the use of the REIT Fund. The REIT Fund will be required to withhold and remit certain amounts to the IRSS (and potentially state tax authorities) in respect of gains taxed under FIRPTA. Prospective non-U.S. investors are urged to consult with their own tax advisors regarding these issues.

Partners May Be Subject to Additional Tax as A Result of Audits of the Partnership or the Fund. Adjustments to the amount of tax due with respect to the Partnership or the Fund (including interest and penalties) for a taxable year will be payable by the Partnership or the Fund, respectively, unless such entity is eligible to and does elect out of the centralized partnership audit regime or elects to pass through such entity's adjustments under one of two special regimes to such entity's partners. If the Partnership or the Fund qualifies for and affirmatively makes an election out of the centralized audit procedures when it files its tax return for a given year, such entity, and potentially persons who were partners in such entity in the year under audit (including the Limited Partners), will be audited. If audited, those persons would be required to take the adjustments into account in calculating their own tax liabilities for that year and would be responsible for any resulting amounts due. There can be no assurance that the Partnership or the Fund will be eligible to make an election out or that it will, in fact, make such an election for any tax year. If the Partnership or the Fund does not or is not able to make an election out of these rules with respect to a tax year, then the Partnership or the Fund would have two options. First, the Partnership or the Fund may pay any resulting tax (and any interest and penalties) at the level of the Partnership or the Fund. In that event, (i) the partners of the Partnership or the Fund at the time the adjustments become final could be allocated income tax liabilities in excess of the aggregate amount of taxes that would have been due had the Partnership or the Fund elected out of the centralized audit regime as described above, and (ii) a given partner of the Partnership or the Fund may bear taxes attributable to income allocable to other partners or former partners, including taxes (as well as interest and penalties) with respect to periods prior to such partner's admission to the Partnership or the Fund. Amounts

available for distribution to the partners may be reduced as a result of the Partnership's or the Fund's obligations to pay any taxes, interests and penalties associated with an adjustment. Second, the Partnership or the Fund may elect to pass through the adjustments to the persons who were partners in the year under audit. In that case, each partner (or former partner) during the year under audit would be responsible for paying any resulting tax, as well as an additional interest charge. Limited Partners should consult their own tax advisors regarding all aspects of the centralized partnership audit regime as it affects their particular circumstances.**

Risks Relating to the Nature of the Fund's Investments

General Risks. Real property investments, like all investments, are subject to varying degrees of risk. The yields available from Properties depend on the amount of revenue generated and expenses incurred. If certain Properties do not generate sufficient revenues to meet their acquisition and operating expenses, the Funds' cash flow and ability to pay distributions to its investors, the Partnership among them, will be adversely affected. The revenues generated by, and the value of, a particular Property may be adversely affected by a number of factors, including: the cyclical nature of the real estate market; national, regional and local economic climates; local real estate market conditions; fluctuations in operating costs; changes in interest rates; and the availability, cost and terms of financing. Real estate values are also affected by such factors as government regulations (including those governing usage, improvements, zoning and taxes), interest rate levels, the availability of financing and potential liability under changing environmental and other laws. Changes in interest rates could have a negative impact on the performance and/or valuation of the Fund's investments and the Properties. Furthermore, the results of the Fund may be further affected by the rising vacancy rates for commercial property, particularly in large metropolitan areas and the inability of the Fund to attract and maintain quality tenants.

Risk Associated with Property Acquisitions. The Funds' acquisition of interests in real property involves many risks including acquiring interests in properties that are subject to liabilities or that have problems relating to environmental condition, state of title, physical condition or compliance with zoning laws, building codes or other legal requirements. In each case, the Funds' acquisition of interests in a Property may be without any recourse, or with only limited recourse, with respect to unknown liabilities or conditions. As a result, if any liability were asserted against the Fund relating to such Properties, or if any adverse condition existed with respect to the Properties, the Fund might have to pay substantial sums to settle or cure it, which could adversely affect the cash flow and operating results of the Fund.

Investment Strategy. The REIT Fund intends to invest only in the REIT Fund Partnership, and the current strategy of the Fund is concentrated in making investments in industrial real estate assets throughout the United States, and enhancing the value of those properties. Accordingly, the general partner of the Fund will be required to maintain expertise, relationships and market knowledge across a range of geographic markets, and will be subject to the market conditions affecting each asset in various markets, including such factors as the local economic climate, business layoffs, industry slowdowns, changing demographics, and local supply and demand issues affecting each such market. The General Partner of the Fund may not be able to develop and maintain the level of expertise, relationships and market knowledge required for the Fund to succeed with this strategy. Furthermore, concentration in the industrial real estate sector may expose the Fund to the risk of economic downturns in this sector, as well as decreasing demand for industrial space in the United States which is related to the level of economic activity. In addition, the tenants of the properties which the Fund expects to purchase will likely be concentrated in the distribution and logistics markets in the United States, and any adverse economic developments in those industries could expose the Fund to additional risks.

Risks Involved in Acquisitions through Ventures with Third Parties. The Fund may invest in properties as a partner or a co-venturer with various third parties. Such investments may, under certain circumstances, involve risks not otherwise present, including the possibility that a third party might become bankrupt, thus causing the Fund to be required to make capital contributions in the underlying investment for cost overruns and other unforeseen expenses. In addition, in such circumstances the Fund may not receive sufficient information in

order to monitor the performance of its investments, or may, in certain circumstances, be liable for the actions of its third party partners. Furthermore, such third party partner might at any time have economic or other business interests or goals which are inconsistent with the business interests or goals of the Fund.

Control over Investments. The general partner of the Fund may have limited rights with respect to the Properties in which the Fund invests with third parties. The Fund's ability to protect its positions and to make decisions regarding its investments may be limited by the rights of such third parties. For example, if the Fund invests in properties as a partner or a co-venturer with a third party partner, the general partner of the Fund expects such third party partner to have approval or consultation rights over certain major decisions recommended by the Fund, and such partner may be in a position to take action contrary to the instructions or requests of the general partner of the Fund or contrary to the Fund's policies or objectives. The general partner of the Fund will, however, seek to maintain sufficient control of such ventures to permit the Fund's objectives to be achieved.

Industrial Real Estate Risks. The Fund expects to hold investments in industrial properties, which, in addition to the risks associated with owning and operating other types of real estate, are subject to additional risks such as massive competition in the industrial real estate marketplace including from other investment vehicles, some of which are more experienced, better funded, and more connected than the Fund.. Additional factors may adversely affect the value and operation of industrial properties, including: the age, condition, quality and location of the relevant property, among its other physical attributes; the ability of management to provide adequate maintenance and insurance; the types of services provided by the property; the property's reputation; the level of mortgage interest rates; presence of competing properties; tenant mix and mobility; adverse local or national economic conditions; and federal, state, and local regulations. If the demand for industrial properties is reduced, or if competitors develop and/or acquire competing properties on a more cost-effective basis, income generated from the Fund's investments and the underlying value of such investments may be adversely affected. In addition, various factors such as volatility in the markets or other related circumstances may cause changes in the behavior of consumers, thereby decreasing consumption rates and affecting the demand for warehouses generally, and last-mile warehouses in particular. While the General Partner expects many of its tenants to be involved in the e-commerce industry, which has to date shown durability in difficult circumstances, there is no assurance that such industry will not be adversely affected due to changes in consumer spending habits, and therefore affecting the ability of the Partnership to rent out its Properties. Finally, the relationship between an owner of such property and its tenants is regulated in certain jurisdictions, and may require a written lease, good cause for eviction and fees disclosure, while prohibiting unreasonable rules, retaliatory evictions, and restrictions on a resident's choice of unit vendors..

Lease Terminations or Tenant Defaults. The success of the Fund's Investments will depend, *inter alia*, on the financial stability and creditworthiness of the tenants of its Investments, and it is expected that many of such tenants would be non-rated and non-investment grade tenants. A default by a significant number of tenants on their lease payments may cause the Fund to lose the revenue associated with such leases and require the Fund to find an alternative source of revenue to meet mortgage payments and to prevent a foreclosure if the property is subject to a mortgage. The General Partner of the Fund may fail to, or may not be able to, discover factors that would indicate a heightened level of uncertainty with respect to tenant defaults when performing due diligence on prospective investments. Tenant defaults thus increase the risk that the Fund, and hence and the Partnership and the Limited Partners, could suffer a loss. In addition, certain of the properties are expected to be occupied by a single tenant, and as a result, the success of such properties depends on the financial stability of that tenant. Lease payment defaults from tenants could impact operating results, causing the General Partner to reduce the amounts of distributions payable to the Partners or otherwise cause the General Partner to find an alternative source of funding to pay any mortgage loans interest or principal, taxes or other obligations with respect to the properties. In the event of tenant default, the Fund may also experience delays in enforcing its rights as landlord and may incur substantial costs in protecting its investments and re-leasing the properties. If a lease is terminated, the value of the property may be immediately and negatively affected, and the Fund may be unable to lease the property for the rent previously received or at all, or sell the property

without incurring a loss.

Leverage. The Fund will utilize a leveraged capital structure which may be secured by the entire portfolio of the Fund, in which case a third party would be entitled to cash flow generated by Properties prior to the Fund or the Partnership, as applicable, receiving a return. Although the use of leverage may enhance returns and increase the number of Properties that can be invested in, it may also substantially increase the risk of loss of principal. Disruption in the capital and credit markets, as well as rising of interest rates, downturns in the economy and other factors may adversely affect the ability of the Fund to obtain loans, credit facilities, debt financing and other financing (or, when available, to obtain such financing on reasonable terms) which may negatively impact the ability of the Fund to successfully acquire Investments, and may also adversely affect the performance of the Properties. In addition, lenders may impose restrictions

Insurance May Not Cover All Losses. The Fund will endeavor to obtain coverage of the type and in the amount customarily obtained by owners of similar properties, including comprehensive casualty insurance, liability and fire and extended coverage, in amounts sufficient to permit replacement in the event of a total loss, subject to applicable deductibles. There are certain types of losses, however, generally of a catastrophic nature, resulting from, for example, earthquakes, floods, hurricanes and terrorist acts, that may be uninsurable or that may not be economically insurable. Inflation, changes in building codes and ordinances, environmental considerations, provisions in loan documents encumbering the portfolio properties pledged as collateral for loans and other factors also might make it economically impractical to use insurance proceeds to replace improvements on a Property if it is damaged or destroyed. Under such circumstances, the insurance proceeds received, if any, might be inadequate to restore the investment with respect to the affected Property.

Risks Upon Disposition of Investments. In connection with the disposition of a Property, the Fund may be required to make representations about the investment typical of those made in connection with the sale of any property. The Fund may also be required to compensate the purchasers of such Property to the extent that any such representation turns out to be incorrect, inaccurate or misleading. These arrangements may result in contingent liabilities, which might ultimately have to be funded by the Fund or its partners (the Partnership among them).

Absence of Regulatory Oversight. While the Partnership may be considered similar to a joint investment trust or mutual fund, it does not intend to register as such under the Israeli Joint Investment in Trust Act or similar non-Israeli laws, in reliance upon exemptions available to privately offered investment companies, and, accordingly, the provisions of those laws will not be applicable to the Partnership or its Partners.

Attractive Investments May Not Be Available. While the General Partner believes that the Fund will be presented with a variety of investment opportunities of the types and in the markets that it is targeting, there can be no assurance that the Fund will identify attractive investments that meet its investment criteria, that the Fund will be successful in acquiring these investments or that any of these investments will be profitable. Furthermore, the availability of desirable credit sensitive investment opportunities and, consequently, the Funds' returns, will be affected by the level and volatility of interest rates, conditions in the financial markets, general economic conditions, the market and demand for credit sensitive investment opportunities, and the supply of capital for such investment opportunities.

Environmental Liability. The real properties held by the Fund will be subject to various laws, ordinances, regulations and administrative rulings which, among other things, establish standards for the treatment, storage and disposal of solid and hazardous waste. Under such laws, ordinances, regulations and administrative rulings, an owner or an operator of real property may become liable for the costs of removal or remediation of certain hazardous or toxic substances released on, about, under or in its property. Often joint and several liability is imposed on past and present owners and users of real property for hazardous substance remediation and removal costs without regard to whether the owner or operator knew of, or was responsible for, the release of such hazardous or toxic substances. The cost of any required remediation and the owner's liability therefore as to any property are generally not limited under such laws and could exceed the value of the property and/or

the aggregate assets of the owner, Therefore, the Partnership may be exposed to substantial risk of loss from environmental claims arising in respect of any real properties with undisclosed or unknown environmental problems or as to which inadequate reserves have been established. In addition, the presence of such substances, or the failure to properly remediate hazardous substances properly, may adversely affect the Fund's ability to sell, use or finance such properties or otherwise impact the value of such property, which could have an adverse effect on the Partnership's return from investments related to such properties. In addition to clean-up actions brought by governmental agencies and private parties, the presence of hazardous substances on a property may lead to claims of personal injury, property damage or other claims by private plaintiffs.

Current Market Conditions. The Fund's activities may extend over a period of years, during which the business, economic, political and regulatory environments within which the Fund operates may undergo substantial changes. Recent events demonstrate that such changes may be severe and adverse. For example, the market for private equity transactions has been adversely affected, from time to time, by a decrease in the availability of senior and subordinated financing for transactions, in part in response to regulatory pressures on financing providers to reduce or eliminate their exposure to such transactions. The regulatory environment for private investment funds is evolving, and changes in the regulation of private investment funds may adversely affect the value of investments held by the Fund and the ability of the Fund to effectively employ its investment and trading strategies. The duration of adverse economic, regulatory and market conditions, and their impact on the Fund's performance, is unknown. Limited Partners will have no input on the Fund's Investments, investment pace, or strategy and will have no right to withdraw from the Partnership.

Possible Lack of Diversification. While diversification is an objective of the Fund, there is no assurance as to the degree of diversification that will actually be achieved in the Fund's investments. This could lead to increased risk as a result of the Fund having an unintended long-term investment and reduced diversification. After the Fund has had its Initial Closing, there is no assurance that it will have a Subsequent Closing. If the Fund raises less capital than anticipated, the Fund will likely be less diversified than the general partner of the Fund intends, which would increase the risk of an investment in the Partnership and the Fund.

Investment Prior to the Initial Closing Date. Potential investors participating in the Initial Closing acknowledge that the Fund has made some Portfolio Investments prior to the date of the Initial Closing Date that may have been funded by the General Partner or an Affiliate thereof on account of the Fund, and understand that they will be required to make a Capital Contribution to the Partnership with respect to such prior Portfolio Investment and any interest accrued to the General Partner or such Affiliate with respect thereto.

Potential Conflicts of Interests

Conflicts in General. Potential investors should be aware that, in connection with the current and potential future activities of the General Partner and the Principals, the investment and business interests of the interest holders thereof and such individuals may conflict with the investment and business interests of the Partnership and its partners. In addition, potential conflicts exist with respect to investment decisions within the Fund to the extent that taxable and tax-exempt investors, or U.S. and non-U.S. investors, have divergent economic, tax and other interests. The following paragraphs detail certain of the potential conflicts of interest that should be carefully considered before making an investment in the Partnership.

Time Commitments. The General Partner expects the General Partner's management team to be actively involved in the management of the Partnership and the Fund and the Fund's management company's management team to be actively involved in acquiring, managing and disposing of assets of the Fund and in providing other services to the Fund. However, certain members of the General Partner's and the management company's management teams may have conflicts in allocating their time and services among the Fund, Related Entities, and other ventures, including the Prior Funds, or other co-investment or excess opportunity vehicles and entities related thereto. Thus, while it is anticipated that members of such management teams will devote as much time to the Fund as is required under the Fund Agreement, certain members of such management teams may have to devote a substantial amount of time to matters other than the Fund.

Affiliate Transactions. The General Partner intends, on behalf of and at the expense of the Fund, to engage affiliates of the Fund's management company to provide for property management, and construction management, services. In addition, the General Partner intends, on behalf of the Fund, to enter into loan agreements with the General Partner, the Manager or their Affiliates in order to purchase investments prior to the Initial Closing or thereafter. The fees or other compensation payable for such services or loans shall be on the terms set forth in the Partnership Agreement and the Fund Agreement.

Management Fee Payable Regardless of Fund Performance. The management fee shall be paid to the management company of the Fund even if the Fund experiences net losses in a particular year or over the term of the Fund.

Carried Interest Distributions. The fact that the compensation to the general partner of the Fund is, in part, based on the performance of the Fund may create an incentive for the general partner of the Fund to cause the Fund to make investments that are more speculative than would be the case in the absence of performance-based compensation.
